

Cookies policy

What are cookies?

1. Cookies are short text files that websites send to your browser. They enable websites to record information about your visits, such as your chosen language. This can make your next visit to the website easier and more enjoyable. Cookies are important because without them, browsing the Internet would be much more difficult. Cookies enable better use of our website and mean its content can be tailored to your needs. Almost every website in the world uses cookies. Cookies are useful because they increase the user-friendliness of a repeatedly visited website.
The website can use these files to recognise you:

What cookies do we use and why?

Session cookies are temporary. They are only stored on your device as long as you use your browser, and are deleted when you close it.

name	category	lifespan	description
